Conclusions

GROUP STRENGTHS

- Direct staff employed by each local and highly specialized company
- Training and continuing education programs
- Proprietary equipment with cutting-edge technology and recent use of new Artificial Intelligence models
- Standardized production processes throughout Europe, with centralized reporting in real time.

THE FUTURE

- Opening of two new offices in England and Portugal, to better contextualize services to the territory
- Export of services to other European-speaking continents
- Local investments in facilities (staff, offices and equipment).
